That the Moderator read and announced to the Checkers in distinct tones, in the order of the offices as their titles are arranged on the machine, the name of each candidate, the designating number and letter of each candidate's counter and the machine vote registered on such counter; and that the Moderator also, in the same manner, announced the vote for each question* voted on.

That the number of votes received for each candidate and question voted on, and the number received by each person for whom write-in ballots* were cast, were recorded by each Checker in figures on the tally sheets furnished; and that such tally sheets, having been compared and found to agree, are correct to the best of our knowledge and belief.

That the result of the votes cast, including the absentee ballot vote furnished the Moderator by the Absentee Ballot Counters, where applicable,** were in the same manner **publicly** announced by the Moderator; and that while such announcement was being made, ample opportunity was given to any person lawfully present to compare the results so announced with the counter numbers of the machine, whether by viewing the opened counting compartments or by viewing the printed record, depending upon the method used by the election officials for announcing and recording the vote.

We further certify that a duplicate of this Moderator's Return, properly signed, was placed inside one of the voting machines, after which the doors concealing the counting compartments of the machines were locked, and the keys properly labeled with the number of the machine, the name of the municipality and the number of the voting district or ward at which used, which keys were then placed in the custody of the Moderator to be delivered with a duplicate of this Moderator's Return, properly signed, to the Municipal Clerk.
